

Date: April 22, 2022
To: MSA Members
From: MSA Executive Committee
Subject: **MSA Executive Elections 2022 - 2023 - NOMINATE NOW**

Dear Colleagues,

We are pleased to announce the opening of nominations for the position of **MSA Executive members for the cycle of July 1, 2022-June 30, 2023.**

This is your opportunity to get involved and support your MSA! MSA executive members discuss important matters that concern how we practice at HHS. The decisions at this committee will affect us all. The members also have a window into the operations of a complex \$1.6B corporation. MSA executive members have the opportunity to develop and demonstrate leadership and also to lead projects that can have significant outcomes. MSA executive work can help improve opportunities for further positions of leadership.

We also advocate for representation from all sites, and from a diversity of members. We need your input to run this organization.

Consider standing for a position on the executive. If you know someone who will serve well on this committee, please encourage them to stand for nomination and help them to be elected.

MSA is seeking physicians who hold a primary active appointment at HHS across all HHS sites and across all departments. To run for a position on the MSA Exec you must complete the nomination form attached and returned to the MSA Office via email msa@hhsc.ca by the **May 22, 2022**

Please email msa@hhsc.ca if you have questions or need further information.
