---

Good news! While HHS has always prioritized COVID testing for our employees and physicians, they have also been working hard to find staffing and resources to support staff *AND* family member testing, where required. Look for full details to follow later this week in an announcement from HHS.

Also, we have received a good number of cloth facemasks with the HHS MSA logo on them and will be distributing them to the MSA members in the various departments over the next little while.

Any questions or concerns can be directed to [MSA@hhsc.ca](mailto:MSA@hhsc.ca)

Take care and stay safe.

A handwritten signature in black ink, appearing to read 'Catherine Ross', written in a cursive style.

Dr. Catherine Ross  
On behalf of your MSA executive
